FRONT END WEB DEVELOPMENT

skill-india pvt. ltd. bijnor

June 2022 - NOV.2022

EXPERIENCE

BRILLICA SERVICES PVT. LTD, DEHRADUN| JUL 2023 - JAN 2024

- Collaborated with senior developers to build and maintain front-end features for client projects.
- Assisted in the development of responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Contributed to the implementation of new features and functionality using React.js.

PROJECTS

PERSONAL PORTFOLIO WEBSITE

- Developed a personal portfolio website using React.js, SCSS, and various libraries including:
- Framer Motion for animation effects.
- React Hot Toast for toast notifications.
- React Icons for iconography.
- React Responsive Carousel for image carousels.
- Typewriter Effect for dynamic text effects.

CRYPTOCURRENCY TRACKING APP

- Presently in the conceptualization phase for crafting a cutting-edge cryptocurrency monitoring application utilizing React.js and a suite of innovative libraries:
- Employing Chakra UI for crafting intuitive and adaptable user interface components.
- Axios for making HTTP requests to fetch cryptocurrency data from APIs.
- Integrating Chart.js and React Chartjs 2 to present intricate cryptocurrency statistics through engaging and interactive charts.
- Incorporating Framer Motion to infuse fluid animations and transitions, elevating user interaction to new heights.
- Utilizing React Router Dom for seamless navigation and routing within the application.

REACT E-COMMERCE WEB STORE

- Developed a feature-rich e-commerce web store utilizing React.js, Redux Toolkit, Firebase, Strapi, and Material Tailwind for seamless payment processing.
- Integrated Redux Toolkit for efficient state management, ensuring a smooth and responsive user experience throughout the application.
- Integrated payment gateways using Strapi to facilitate secure transactions and seamless checkout experiences for customers.
- Utilized Firebase for real-time data synchronization, user authentication, and cloud functions to enhance scalability and security.
- Leveraged Material Tailwind for rapid UI development, ensuring consistent and visually appealing design across the web store.
